

Dayplan

Sunday, September 2, 2018

20:00	Jano & Mojca & Taco & Hans	Installation workshop / welcome
-------	----------------------------	---------------------------------

Monday, September 3, 2018

09:00	Hans Hagen	Meeting opening
09:30	Hans Hagen	ConT _E Xt: unexpected usage
10:15	Taco Hoekwater	A use case for <code>\valign</code>
11:30	Taco Hoekwater	Using <code>texlua</code> for trackplan graphics
12:15	everyone	ConT _E Xt: in one second
15:00	Hans Hagen	ConT _E Xt: running remote
15:45	Massimiliano Farinella	Running ConT _E Xt in a Docker container
17:00	Taco Hoekwater	<code>mtxrun</code> scripts
18:00	everyone	Discussion: how to make a living using ConT _E Xt
21:00	Clyde Johnston and Hans Hagen	Using ConT _E Xt and how to create template modules

Tuesday, September 4, 2018

09:00	Hans Hagen	ConT _E Xt: side floats
09:45	everyone	Brainstorming session: floats and columns
11:30	Massimiliano Farinella	Making manual typesetting adjustments in XHTML
12:15	everyone	Brainstorming session: xml
15:00	Alan Braslau	Edward Tufte's Presenting Data and Information: Teaching to see
15:45	everyone	Brainstorming session: tables
17:00	Luigi Scarso and Hans Hagen	ConT _E Xt: bidi
17:30	everyone	Brainstorming session: scripts
18:00	Alan Braslau	Edward Tufte: keynote speech
21:00	Taco Hoekwater	Lu _A T _E X 101

contextgroup > context meeting 2018

Wednesday, September 5, 2018

09:00	Hans Hagen and Luigi Scarso	LuaTeX: the move from 5.2 to 5.3
09:30	Hans Hagen and Luigi Scarso	Foreign Function Interface in LuaTeX
10:00	everyone	Brainstorming session: luatex
11:00	Pavneet Arora	MARCS – An online report card system with ConTeXt back end
11:45	everyone	Brainstorming session: databases
12:30	everyone	Short excursion: farm tour
15:00	Hans Hagen	ConTeXt: stepwise execution
15:45	everyone	Brainstorming session: debugging
17:00	Hans Hagen	discussion: LuaTeX current state (and/or future possibilities) to generate tagged PDF (i.e. PDF/UA) and compliance to other PDF standards
17:45	everyone	Brainstorming session: pdf backend
21:00	everyone	Brainstorming session: luatex (continued)

Thursday, September 6, 2018

09:00	Taco Hoekwater	Using metapost as a real life measuring tool
09:30	Alan Braslau	The ConTeXt 'nodes' package
11:30	Alan Braslau	Luapost graphics, or rebuilding the (Hobby) graph package.
12:15	everyone	Brainstorming session: metapost and graphics
15:00		excursion

Friday, September 7, 2018

09:00	Ulrik Vieth	Math fonts
09:30	Taco Hoekwater	Best practices in specifying arbitrary fonts in a detailed way
10:30	Willi Egger	A nice fractur font
10:30	Taco Hoekwater	ConTeXt Group journal font discussion
11:30	Hans Hagen	ConTeXt: font tracing and tricks
12:15	everyone	Brainstorming session: fonts
15:00	Tomáš Hála and Hans Hagen	interactive PDF documents
15:45	everyone	Brainstorming session: interaction
17:00		ConTeXt Group members meeting
21:00	Taco Hoekwater	ConTeXt Group journal font discussion (continued)
