

There is a **last page** too in this document.

```
\setuppapersize[S6][S6]
```

```
\setupbodyfont[pos,14.4pt]
```

```
\setupcolors[state=start]
```

```
\setupinteraction[state=start]
```

From this it follows that there is also a **first page** .

There is a `\gotobox {\tooltip {last page} {indeed, klicking here will bring you to the last page}}` `[lastpage]` too in this document.

```
\typebuffer[setup] \page
```

From this it follows that there is also a `\gotobox {\tooltip {first page} {this button lets you go to the first page}}` `[firstpage]`.

```
\typebuffer[rest] \page
```
